

“Hey, has anyone seen my school stuff?!” Are you ready to hear those words again at the end of summer?? Need help getting your student back on the path to organization? We will be running a one-day Organizational/Study Habits class to ZAP your student back into the mode of being organized and on the path to better study habits. After a summer off, good habits are often neglected. Our **one-day workshop** is just the ticket to get your student back on track and ready to tackle the new school year. Learning to manage time and projects, using agendas to the max, nutrition, organizational tips and tricks, group building and even how to better prepare for tests, will be some of what we will cover. **Middle School session** will be **Thursday, August 6th** and **High School Friday, August 7th**. The sessions will run from 9am - 3pm, with a special session for parents from 2:00pm – 3:00pm each day, to see what your student has been taught. The fee for the session is \$45 per student, with no additional charge for the parent session. Class size is limited, so please contact Kirsten Lopez in the Resource room (ext. 186 or lopezk@faithutheranlv.org) to sign up.
