Parents

While we are carefully monitoring the health of our students, there are **NO PLANS** to cancel school if the number of flu cases reach a certain number. Continue to watch your children for symptoms of flu and follow the health guidelines we have sent out.

What's your "Faith" story?

Faith is tweaking its marketing message and Mr. Dunning need some testimonials from parents/guardians about their Faith experience. One way to help is to send him an email with answers to the following: "Faith was the right choice for my student because....."; or "The best thing about Faith is....."; or if you have a story about how the Faith experience has impacted your family, please share! Email your responses to Dunningk@faithlutheranlv.org or respond via his blog *Faithnotes* which you can access through the school's website.
